

VT 30 FL - high-pressure inspection camera

Watertight camera for visual inspections in high-pressure environments

Technical data

Image sensor	1/4" IL CCD		
Video out	Y/C	FBAS	FBAS
Resolution / lines	490	460	330
Sensitivity	1 Lux	1 Lux	0.05 Lux
Lens	3.6		
Focus	0 mm - infinite, motorized (manual)		
Iris / Brightness	automatic		
Lighting	LED High intensity		
Housing	Stainless steel		
Dimensions	30 x 120 mm (D x L) (adaptable to customer needs)		
Weight	260 gr in air		
Operating temperature	-15° - +55° C		
Watertightness	up to 1000 bar / 14500 psi		

Applications

- Offshore inspections
- Borehole inspections
- Pressure tests monitoring
- Tank and vessel inspections
- Deepwater ROVs
