

VT HTC-II high-temperature camera

Passive cooled camera for rough environments up to 105° Celsius

Technical data

Material case	Stainless steel
Dimensions	160 x 50 mm (L x D)
Weight	approx. 1.5 kg
Operating temp.	-10 up to +105 °C
Watertight	up to 20 bar (optional)
Focus	integrated
Sensitivity	0.25 lux
Lighting	integrated LED lighting
Power supply	15 Volts DC / 300 mA

Applications

- Sewer inspections
- Sewer renovations
- Inspections of high-temperature environments
